Linking-to-Learn meeting
Cluster Meeting
October 2014

A day-long Linking-to-Learn (L2L) meeting was held on October 10, 2014 at the Himalayan Torchbearers, which was very well attended by various leaders and members of CHGN UKC.

Besides the business side of the meeting, it was a day of exploring new ideas, sharing food, fellowship, Bible teaching, prayer and worship. The leadership felt that after 5 years of growth of the Cluster and the planning for the future, everyone needs to maintain their focus and heart. This day was, therefore, observed as a day of spiritual renewal and strengthening of purpose and goal.

Rev. Suraj Chellaiah from Presbyterian Theological Seminary led in the devotions and Bible Teaching, which was very encouraging and a personal blessing to each one. Brief reports were shared on the implementation of the RAD Tool, CLHTC program, Engage Disability and the on-going Disaster Relief & Rehabilitation program of the Cluster. The members then disbursed into small groups of 7 to 8 people for a time of sharing praise and prayer requests and spending time in prayer.

The Executive Board met for a short meeting during the lunch break to discuss business matters. Immediately after the Board meeting, a short report and presentation was given by the 'Burans' team on the Mental Health program. Since this day was also the World Mental Health Day, it was an appropriate time for creating awareness amongst the cluster members on Mental Health and the initiatives that are being taken in this area. A booklet prepared by the Dr. Kaaran Mathias and the Burans team was also released on this occasion.

The meeting ended on a very encouraging note with all the members joining hands and sharing one good thing about the Cluster and one point of improvement that they would like to see in the coming years for the Cluster.

The President thanked each of the members for taking time out and attending this important meeting to spend time in prayer for the future of the CHGN Uttarakhand Cluster.
