

'Linking **2** Learn'

Linking-to-Learn meeting Engage Disability Conference September 2014

CHGN UKC was an official partner of the Engage Disability conference in September 2014.

500 people attended this 3 day conference to plan how we can better include those with disability in our communities. Many of the cluster members contributed to this event. Ms Jubin and Dr Nathan Grills led this project and were well supported by a team including Mr Lawrence Singh and Dr Arora. Many pastors from our network also attended.

CHGN was responsible for the networking elements of the conference that was a great success. This has led to networks meeting across India. In particular in Uttarakhand we have undertaken various meetings with religious leaders.

We thank all those involved in the follow up including Raj Kumar, Lawrence Singh, JP Singh, Nathan Grills, and Jubin Varghese.

ENGAGE DISABILITY
